**Gallotti&Radice**

Home is the privileged place where we create and express our identity. Beyond pure functionality, we surround ourselves with objects, textures, and colours that stimulate our senses and inspire our mind. Every object is a particular phrase of a language, the sum of which builds a discourse about human relations and individual values. We constantly look for a new quality, new comfort, new poetry, always keeping in mind where we come from. Home is our personal sanctuary, the place the most intimately reveals who we are. That's how we create a truly unique living experience.
